**New Hampshire Association
of Conservation Commissions**

Happy Thanksgiving

Male Turkey Strutting His Stuff, Michelle Reinemann

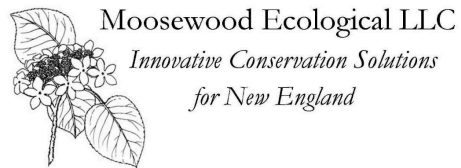

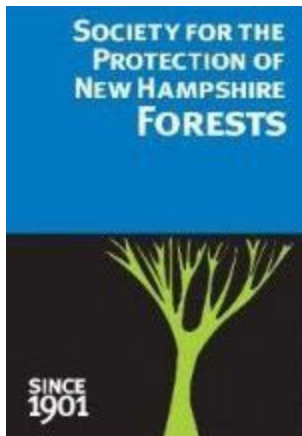

Thank you!

At NHACC we have many people to thank for the success of our organization. We rely on our commission members, sponsors, board of directors, and volunteers to accomplish all the work we do to ensure NH remains a healthy, beautiful place to live and work.

Thanks to our conservation commission members for the important work they do protecting their local natural resources. By joining NHACC, you have made it possible to build a network of conservation volunteers focused on preserving NH's natural environment. Together we can accomplish much more, effect change on the local and state level, and build strength in solidarity. NH would not have such a clean and healthy environment without municipal conservation commissioners who care deeply about their communities. It is my pleasure to encourage and assist your efforts to protect our environment and the special places we all love.

Happy Thanksgiving, Barbara
